Additional Legal Terms

Order Terms

Except as otherwise set forth herein, this Order and the products and/or services listed herein (the “**Products**”) are governed by the Epicor Master Customer Agreement Master Terms and Conditions and Product Supplement(s) listed below, which are located at <https://www.epicor.com/company/customer-agreements.aspx> (the “**Agreement**”). This Order is also subject to the applicable Third-Party Licensing Terms and/or Product-Specific Notes also available at <https://www.epicor.com/company/customer-agreements.aspx>. By executing and submitting this Order, Customer expressly agrees to the Agreement, and applicable Third-Party Licensing Terms and/or Product-Specific Notes.

Upon complete execution, under the terms of this Order and in consideration for payment of the fees noted above, Epicor agrees to sell/license (as applicable) the following Products to Customer in the configuration specified above. Where applicable, the Products acquired hereunder will be included in Customer’s present support or other subscription plan and will be invoiced on a prorated basis, in advance, where applicable.

*** Certain Third-Party Applications.** The third-party applications listed on this Order with an asterisk (*) are furnished to Customer through Epicor from a third party pursuant to a separate agreement accompanying or made available with the third-party applications. Notwithstanding Epicor’s furnishing or invoicing Customer for such applications, Customer’s usage and possession of such third-party applications are not governed by Customer’s Agreement with Epicor. Additional information and the terms governing the third party applications (**Third-Party Licensing Terms**) are available at <https://www.epicor.com/company/legal/third-party-terms.aspx>.

Certain Product-Specific Notes. In addition to any licensing and/or usage requirements and restrictions contained in the Agreement and applicable Documentation, the Products marked with a hashtag (#) symbol on this Order are subject to the additional terms and conditions specified in the Product-Specific Notes applicable to such Product(s) available at <https://www.epicor.com/company/legal/third-party-terms.aspx>. Epicor recommends that Customer review the applicable **Product-Specific Notes** and become familiar with the requirements applicable to the designated Products obtained by it hereunder.

Auto-Renewal and Pricing. At the first anniversary of this Order Form, and each following anniversary, recurring fees for Epicor or third-party Products (e.g. SaaS, DaaS, subscription, maintenance) will increase by the percentage of the prior year’s fees as specified in the “Quote Information” of this Order Form. When this Order Form “Contract Term” expires, the Agreement (including this Order or any add-on order) and all associated SaaS, DaaS, annual recurring, and subscription-based agreements automatically renew. SaaS and DaaS products renew for the same Contract Term. Subscription, maintenance, and other recurring-based products automatically renew for an annual term. Either Party may give written notice of non-renewal for any Agreement at least 90 days prior to the then-expiring Contract Term. However, **unless otherwise specified in a Bundle- or Product-Specific Note**, Customer may elect to non-renew a ‘Subscription’ based product agreement / license annually upon 90 days prior written notice. For multi-year SaaS and DaaS agreements, at Contract Term renewal and annually thereafter, the recurring fees will increase above the prior year fees by the percentage of the prior year’s fees specified in the Quote Information of this Order Form. If an Annual Price Increase is not specified such as a third-party product API, the API will be stated in Epicor’s annual letter to you specifying the API for that renewal year. For any Order containing products with differing license term lengths, each individual licensed product will be subject to this provision. At the end of a Renewal Term, this Order Form continues to automatically renew for the same applicable Contract Term (either annual or multi-year) and with the same obligations until terminated.

Applicable Product Supplements

The following Product Supplements apply to this Order:

- Epicor MCA SaaS Services Supplement

Invoicing for additional products. Following any initial payment, invoicing for the additional Products listed herein will be included in Customer's recurring invoices.

Freight and taxes. All prices listed herein are exclusive of freight and applicable sales tax, VAT, GST, or other similar taxes or governmental surcharges.

Credit card and ACH authorization. I hereby authorize Epicor to charge my credit card, or to debit my bank account via ACH for invoiced amounts, according to the selected payment method.

Once executed and submitted, this Order is irrevocable, non-cancellable and final, unless cancelled with Epicor's written agreement, except as otherwise provided herein. Hand marked changes to this Order are void. In the event of any discrepancy between English language version and any other language version of this Order, English shall prevail.

In the event of a discrepancy or conflict between any provision of this Order and the Master Customer Agreement, the provision in this Order prevails.

PEDRO JIMENEZ B
